For a long time, arcade games were among the most popular in the world. They usually have short seasons, consistent challenge and easy play. They are characterized by their increase in the challenge as the game progresses. Some popular examples from mobile's early days include Angry Birds, Fruit Ninja and Doodle Jump. The result is a very addictive, pleasant experience that gives players the urge to move on. Arcade games on mobile devices aren't quite the same as their coin-operated predecessors, but they can still offer a good time. Here are the best arcade games for Android! Price: Free to play Asphalt 9: Legends is the latest game in one of the most popular arcade racer franchises on mobile devices. The controls are simple enough and the graphics are pretty good. There are a lot of story missions to complete, unlock different cars, and a competitive online PvP mode. They have things to do for a very long time in this game. The free elements can be a bit aggressive and the controls have probably been better in previous games. However, this is easily one of the best arcade racers on mobile devices. Brawl Stars Price: Free to play Brawl Stars is the latest game from Supercell, developer of Clash of Clans and Clash Royale. This online arcade racket is surprisingly engaged. You and several other random online players go head-to-head against other players in different game types. That includes three against three, two against two and one against one game type along with three against three types of games. It's a fast game with a bunch of action. Supercell played well with this one. Of course, other Supercell games are also fun to kill some time. Crossy Road Price: Free to play Crossy Road is one of the most popular mobile games of all time. It's basically the version of this generation of Frogger. They move a character across roads, railway tracks, rivers and other areas. The goal is to avoid being crushed, run over or drowned. The game offers a lot of playable characters, local and online multiplayer support. Android TV support and more. The game is freemium. However, it is above all the unlocking of playable characters. You can't pay to win this game. It's fun, it's mostly family friendly, and it's an excellent example of a modern arcade game. Duet Price: Free / 2.99 \$ Duet is an interesting and entertaining arcade game. They rotate two spheres around one axis and avoid falling platforms in different shapes at the same time. The free version of the game comes with the campaign mode, achievements and some other treats. The whole game adds a few extra game modes, more achievements and more. This is one of the few good arcade games on Mobile phone with a single price tag at 2.99 USD. Most of the others are freemium games. Fortunately, the game is also legitimately good and power. Fans of the series still play this game, even though it came out years ago. Grand Mountain Adventure Price: Free / 4.99 \$ Grand Mountain Adventure is one of the newer arcade games on the list. This is a ski game with excellent graphics, simple and satisfying controls and a lot to do. They drive down different mountains and master various challenges. In addition, there are hidden areas to find, hardware controller support and even a rudimentary trick system. The free version is a kind of demo and you can play the first mountain for free. The premium version unlocks the whole game. NBA Jam Price: 4.99 \$ NBA Jam is an excellent arcade game because it had the advantage of being a literal arcade game in the 1990s. This mobile remaster has everything the arcade version had, including real players, two against two basketballs with relaxed rules, local multiplayer, online multiplayer, a campaign mode and satisfying controls. The larger-than-life presentation of the game gives it a fun atmosphere and the insane accuracy bump when you go on fire is the key to huge victories. It runs for a single purchase of 4.99 dollars and it is one of the great. Noodlecake Studios games Price: Free / Free to play / Varies Noodlecake Studios is a developer on Google Play.
